Texting Scripts to Schedule Enrollment Phone Calls

READ THIS FIRST: Call your most interested prospects IMMEDIATELY after the webinar. Don't text, just call directly and see if they answer. **Make sure you are reading the script on page 6 when they answer**. It is critical that you get your expert on a 3-way call if available.

Script Tip: If you have several prospects on the same zoom presentation, call the hottest prospect first. If they don't answer, call the next hottest prospect. Try to get at least one prospect on the phone immediately after the event, but also text the others using message G1 below. Make the effort to schedule the enrollment phone call with each guest, even if it's a few days after the event. Work your way through everyone. Set aside 30 minutes for each call. Schedule them back-to-back-to-back ideally.

G1: Hi *FIRSTNAME or NICKNAME* it was so great being with you on the webinar. I normally do a quick follow up call to get your feedback and answer questions. Can I call you here at *TIME* or would the next day at *TIME* be better?

Product Welcome Call Script for New Clients & New Associates

(Read to them BEFORE they start their products)

1) Hi **"CLIENTS NAME"** did you receive your products? **<CLIENT SAYS YES>** Ok can you get them really quick? I'm going to explain everything. Can you tell me again the products you received? **<LET THEM ANSWER>** Ok great. The dosage for each supplement you received is _____. **<EXPLAIN THE FULL DOSAGE OF EACH SUPPLEMENT>**

2) And if you ordered skincare, please watch this short video on giving yourself a facial from the rest of the line. I'm going to send it you right now. Hold on just a second… **SEND:** http://celavivefull.teamdsi.info Did you receive it? **<LET THEM CHECK>** Can you tell me does it open ok for you? **<WAIT>** Ok perfect.

3) If you ordered shakes or the RESET, please watch this short video on how to make the shakes taste amazing. I'm going to send it you right now. Hold on just a second… **SEND:** http://MakeShake.teamdsi.info Did you receive it? **<LET THEM CHECK>** Can you tell me does it open ok for you? **<WAIT>** Ok perfect.

4) And if you ordered Rev3 stickpacks, please watch this short video on how to make them taste amazing. I'm going to send it you right now. Hold on just a second… **SEND:** http://RevSticks.teamdsi.info Did you receive it? **<LET THEM CHECK>** Can you tell me does it open ok for you? **<WAIT>** Ok perfect.

5) Next, I want you to know that our clients have the most success when they take their supplements with water, just before eating a meal. Always take them with food. Also, it is very important that you take your supplements twice daily if you want to have optimal results. The reason is because your body will use the nutrients from your morning dosage, and by the evening your body will need to be replenished. In the same way that your body needs several meals per day, your body also needs to be replenished by supplements twice daily.

6) Also your urine will be turning bright yellow and this is totally normal. The CellSentials give you so much nutrition that your cells will absorb to their FULL capacity. Your pee will be bright yellow because your body is getting rid of extra Vitamin B2. Your body cannot store B2, so it needs to be received daily through your supplements. This is totally normal and ensures that everyone who takes them gets OPTIMAL nutrition.

7) Do you have trouble swallowing pills? **<LET THEM ANSWER>** Several of our clients who had trouble swallowing pills have reported that keeping their chin down when swallowing allows their throat to open and they are able to take the products much easier. Also, you can use a straw and orange juice to help as well. The main thing is to avoid throwing your chin back when swallowing as this closes your throat canal. Another option is an $8 pill crusher from Walgreens. A pill crusher will powderize your tablets and you can mix with orange juice. It works! Your body desperately needs this nutrition so I want to encourage you to stick with it!

8) Lastly, let's set up a time to talk in the next week to go over your online account. I'd like to also see how you are feeling after your first week on the products can talk on **<DAY>** or **<DAY>** which is better? Ok. And on that day I can talk at **<TIME>** or **<TIME>**, which would be best? **<LET THEM CHOOSE>** Ok sounds good. I will be talking to you then. I hope you have an awesome week!
